DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 10 is rejected under 35 U.S.C. 102(b) as being anticipated by prior art (figures 8, 9, 10, 11, 12A, 12B, 12C) as admitted by the Applicant.

Regarding claim 10, the admitted prior art teaches a cord-winding method (figures 9, 10, 11) comprising winding and storing a cord (9) around a reel (14) which is pivotally fitted in a freely turnable manner to a pivot in a headphone housing or a casing (2a, 2b). The admitted prior art further teaches the method comprising providing the contact points (18a, 18b, 18c) in the headphone housing or casing, and providing a terminal board (17) in the reel (14) and fixedly coupled to the reel (figure 9) through the rotating shaft, wherein the terminal board (17) includes metal slip rings (19a, 19b, 19c, figure 10) as claimed.

Response to Arguments

3. Applicant's arguments filed 01/02/09 have been fully considered but they are not persuasive.

Responding to the arguments about claim 10, the Applicant should note that the admitted prior art does show the terminal board (17) which is provided in the reel (14) and fixedly coupled

Art Unit: 2614

to the reel through the rotating shaft (figure 9), wherein the terminal board includes metal slip rings (19a, 19b, 19c, figure 10) as claimed.

Allowable Subject Matter

4. Claims 1-9 and 11-15 have been allowed.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
